Just like ABC *to use this book*

1. When you want to buy something . . .

Suppose, for instance, it's a refrigerator—just do this.

First find "Refrigerators" on the "R" pages.

Then pick out the dealer who interests you most, or who handles the kind of refrigerator you want, or whose location is convenient to you.

You can use the directory in exactly the same way, whether you want a beauty shop, or a carpet cleaner, or a florist, or a plumber, or when you want to buy hundreds of other products or services.

Or . . . if you are a purchasing agent, and want to buy one sign or 1,000 signs—it is just as easy.

First find the "Sign" classification on the "S" pages.

Then you are on Main Street in the sign business; now, just pick out the sign company that appeals to you.

You will find this book helpful in buying almost every other business product or service.

2. When you want a dealer of a trade marked product . . .

Suppose you want to find a dealer for a nationally known product or service, such as "Plymouth" automobiles.

First turn to "Automobile Agencies" on the "A" pages.

Then select your dealer from the list of automobile agencies. It is just as easy as using a dictionary.

3. When you have forgotten a business firm's name . . .

Occasionally you may forget a business establishment's name but remember the location. For example, you want the radio man at West Main Street.

Simply turn to the "Radio" classification.

Here you will find the radio people, and then all you have to do is look for the address which is familiar to you.

4. When you have forgotten part of a name . . . but remember the address . . .

Frequently the full name of a firm is forgotten. For example—suppose you want a laundry and all you remember is that the firm has the word "Individual" in its name.

First turn to the "Laundries" section on the "L" pages.

Here you will find the laundry companies and a brief look through the names listed will reveal the company you are looking for.

5. Even when you know the name . . .

In looking up names you know, the Classified will frequently help you. Suppose you want to telephone Smith, the plumber. All the plumbers are listed in the Classified at the classification of "Plumbers" on the "P" pages, and it is usually easier to find your Smith among the few listed in the "Plumbers" section than in the long list of Smiths in the Alphabetical Directory.

IF YOU CAN'T FIND what you want—call MUrray Hill 4-7000 (The Reuben H. Donnelley Corporation) and ask for "BUYERS' SERVICE." They will be glad to tell you where you can obtain it.

Index of Classified Headings

HOW TO USE THIS INDEX—

1. To find listings under any classification shown in this index, turn to the page number shown. If a cross reference is shown instead of a page number, look in the directory under the alternate heading.
2. For your convenience in finding specific headings in the index, about three headings in each column are printed in larger type.
3. To simplify the index, general classifications only are shown in many instances and additional specific classifications or subdivisions of the business will be found in the body of the book at the page number shown in the index. Example—the heading of "Air Conditioning Business" in the index covers "Air Conditioning Contractors," "Air Conditioning Equipment," "Air Conditioning Supplies," etc.
4. If you can't find what you want, call "Buyer's Service, MUrray Hill 4-7000."

BROOKLYN

New York City's Greatest Borough

BROOKLYN is the most populous borough of New York City, a pre-eminent industrial community, one of the leaders in domestic commerce, and the nation's foreign trade center. Despite its tremendous amount of commerce and industry, it is still known as a community of homes. This unique position is due to many factors, principally that of position. It is ideally situated on the busiest harbor in the world, close to both the vast commercial activities of Greater New York, and the varied recreational facilities of Long Island.

ITS MARKET AND MANUFACTURING AREA

Brooklyn has the requisites of any great business community, a ready labor supply, adequate transportation and communication facilities, easy access to a permanent market, world-wide shipping facilities and sufficient room for industrial development.

Brooklyn has all these to a degree equaling any other city in the country. It has piers berthing the ships of more than 70 steamship lines, 26 freight terminals connecting to 14 railroads, and more than 5,000 manufacturing plants. Its position in the world's greatest metropolitan center—a zone of more than 12,000,000 persons and within 500 miles of one-third of the nation's people—assures it a ready labor supply and a permanent market; yet it has ample room for future development.

ITS COMMUNITY OF HOMES

To the Dutch who settled here in 1636, Brooklyn seemed ideal for homes. And as villages grew into each other, as parks and churches and schools increased, as the bridges and subways across the East River were built there came an ever-increasing impetus to home building.

More than 165,000 of our 650,000 families own their own homes. Others are able to find a great variety of living quarters to suit their means. There are more than 37,000 stores, 800 churches, 250 theatres, twelve colleges and 450 schools. In addition there are 1,400 miles of paved streets, more than 2,500 acres of parks and playgrounds, and transit lines reaching to every section. Yet Brooklyn is still "under construction"—still planning and building for tomorrow.

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all mail matter.

Prepay postage fully.

Use street and number in return address on your envelope and also letter heads.

Always address mail for city delivery to street and number, and request correspondents to do likewise.

Use designation North or South, West or East when it is a proper part of the address and save delay in delivery.

Insure valuable parcels.

Wrap parcel post carefully in heavy paper, and tie knots securely.

Do not use cards or envelopes smaller than Government Postal Card.

Avoid the use of the word "City" as a part of the address. It may result in delay.

Avoid abbreviation of state names; Pa., Va., and La., frequently look very much alike when written. It is difficult to distinguish between Me., Mo., and Ind., or Cal., and Col. The abbreviation recommended for Colorado is Colo., and for California is Calif.

YOU WILL OFTEN GAIN A DAY'S TIME IN DELIVERY BY DEPOSITING MAIL AS SOON AS IT IS READY.

Pamphlets showing the hours "Mails Close" at the post office, and the time in transit between all of the large cities in the United States, may be had upon application to the Superintendent of Mails.

NAP-O-VAC

GENUINE NAPHTHA CLEANING

Why Naphtha?

. . because cleaning in NAPHTHA preserves original beauty and lustre of Oriental and Domestic rugs

RUGS are drenched for hours in distilled naphtha. Stains dissolve. Dirt and dust are gently removed by continual rinsing in thousands of gallons of naphtha. Cleans surface, pile and back. Destroys moth eggs. It does not remove the natural oils in rugs. Leaves the threads strong and full of life. Colors are restored to their warmth and beauty.

Also, we DRY STEAM every rug and carpet to raise crushed pile. All domestic rugs and carpets resized to insure against limpness.

A naphtha cleaned rug or carpet retains its life and body.

DANCE LESSONS

COST NO MORE AT

ARTHUR MURRAY'S

THIS famous school of dancing has become a New York tradition. Arthur Murray's pupils include many people from our best families—smart young debs, society leaders, well-known business and professional men. Here they not only learn how to dance well, but later on return again and again to keep their dancing modern.

In Arthur Murray's pleasant studios you can quickly become a popular, interesting partner, though you may know little or nothing about dancing. His talented, expertly-trained staff has taught thousands of awkward individuals to dance rhythmically, faultlessly.

A few lessons are all you need. And you'll be astonished how little it costs. Rates were never lower. Why not call today for the interesting dance analysis offered *without charge*? Air-conditioned. Studios open daily till 10 P.M. MUrray Hill 2-4647

A New Way TO GET TOGETHER

How would you like to talk to as many as six persons in the same or in different cities over one telephone connection? If you wish to conduct a business conference or just get the family together on an important holiday occasion, it can be arranged as easily and conveniently as though everyone were seated around a table. ✱ Just call or dial Long Distance and ask for the Conference Operator. She will quickly arrange to connect your telephone with those of the other members of your conference. It is as easy to use as regular long distance service. Ask the Conference Operator to quote you rates
